

Bhavini Panchal

Data Analyst | Business Analyst | Power BI & Data Visualization Specialist

BC – Hybrid/Remote Contact: +1(672) 272-5401 Email: bhavinimatai_11@live.com [LinkedIn Profile](#) [Portfolio](#)

Professional Summary: Data Analyst with dual Master's degrees in Business Leadership and Information Technology and more than 3 years of experience improving reporting, automation, data governance, and decision-making across cross-functional teams. Known for a collaborative and problem-solving approach that helps stakeholders understand data, reduce risk, and strengthen compliance. Skilled in Power BI, SQL, Tableau, Qlik Sense, and predictive modeling. Seeking roles in **Data Analytics** or **Business Analysis** to deliver insights, streamline processes, and align teams through clear, actionable reporting.

Key Strengths

- Builds interactive dashboards and KPI reporting that accelerate operational decisions
- Strong background in ETL, automation, and modeling that improves reporting accuracy and efficiency
- Skilled in Agile and Scrum collaboration; Certified Scrum Master
- Proven experience supporting compliance and data governance in regulated environments
- Clear communicator able to translate complex data for technical and non-technical audiences

Work Experience

Loyalty Data Analyst (Part-Time) – Talize

May 2024 – Present

- Analyzes customer behavior and loyalty program engagement to identify opportunities that improve retention and repeat visits.
- Develops weekly and monthly performance dashboards that give leadership real-time insight into loyalty trends, promotions, and store traffic.
- Works cross-functionally with store managers and marketing teams to optimize campaigns, ensuring data-driven decisions about promotions and inventory placement.
- Improves data accuracy within loyalty systems by validating member signup data and coaching team members on best practices.
- Provides insights that support merchandising and customer experience improvements, helping increase member satisfaction and purchase frequency.

Specialist, Data Analytics – Vertex Pharmaceuticals

Aug 2021 – Aug 2022

- Designed and deployed more than 7 Power BI dashboards that improved visibility of Quality Operations KPIs and helped leadership identify bottlenecks earlier.
- Automated reporting workflows for Veeva QMS and TrackWise, reducing manual reporting time by 40 percent and improving compliance reliability.
- Built predictive models that identified early deviation trends, enabling QA teams to prevent repeat issues and improve audit readiness.
- Standardized KPIs across functions, resulting in clearer regulatory reporting and a 20 percent improvement in QA decision-making efficiency.
- Increased reporting efficiency by 30 percent by automating data validation and streamlining monthly reporting.
- Led metric definition workshops that helped stakeholders align on critical KPIs, ensuring dashboards reflected true business priorities.
- Collaborated with IT to improve pipeline reliability and data validation, reducing reporting errors by 15 percent

Data Analyst II – Takeda Pharmaceuticals

Nov 2019 – Aug 2021

- Served as SME for TrackWise and QAAD, improving data accuracy across R&D workflows and reducing audit discrepancies.

- Built and maintained more than 10 Qlik Sense dashboards that delivered real-time quality insights to leadership.
- Automated reporting through Datameer, reducing audit preparation time by 25 percent and improving overall data consistency.
- Delivered system training to more than 40 R&D staff, improving data quality and reducing rework during compliance checks.
- Standardized data governance processes across QA and R&D, improving coordination and ensuring continuous audit readiness.
- Developed reporting templates for QA leadership that reduced audit turnaround time and improved insight clarity.
- Created data-sharing protocols between QA and IT that reduced duplicate work and improved cross-department transparency.

Sales Operations Analyst – Wasabi Technologies

Jun 2019 – Aug 2019

- Cleaned and organized CRM data in Salesforce to improve accuracy and streamline sales pipeline updates.
- Built weekly Excel and Google Sheets reports to support sales leadership with fast performance insights.
- Automated small manual tasks using Excel functions (pivot tables, VLOOKUP, filtering) to reduce prep time.
- Supported sales operations workflows, ensuring consistent metrics and smoother reporting processes.

Volunteering Experience

Program Coordinator (Volunteer) – Vision2Reality Foundation

Nov 2025 – Present

- Plan and execute virtual programs by coordinating speakers, tracking multiple contributors, and managing timelines to ensure smooth delivery and high participant engagement.
- Use project management and collaboration tools to organize tasks, schedule events, and report progress, strengthening cross-functional coordination and stakeholder communication.

Education

- Trinity Western University – *Master of Arts in Business Leadership & Master of Science in Information Technology, Jan 2024 – Jun 2025 | GPA: 3.8/4.0*
- Northeastern University – *Master of Professional Studies in Informatics (Analytics), Sep 2017 – May 2019*
- Gujarat Technological University – *Bachelor of Engineering in Computer Engineering, Aug 2012 – May 2016*

Certifications

- **ECBA Certification** – IIBA (ID: 174215209)
- **Certified Scrum Master (CSM)** – Scrum Alliance (ID: 1122962)
- **Lean Six Sigma Yellow Belt** – Takeda Pharmaceuticals
- **SQL for Data Analytics & BI** – Udemy
- **Tableau Essential Training** – LinkedIn Learning

Technical Skills

- **Analytics & Visualization:** Power BI, Tableau, Qlik Sense, Datameer, Databricks
- **Data Manipulation:** SQL, DAX, Excel (Pivot Tables, Advanced Formulas)
- **Compliance & CRM:** TrackWise, QAAD, Veeva, Oracle Cloud, HubSpot
- **Programming & Modeling:** Python, R, predictive modeling
- **Processes:** ETL pipelines, data governance, SDLC methodologies
